

June 6 2018

Cleveland County Master Gardener Association

Member Home Tours

Our Members Have Beautiful Gardens!

On June 6th, we toured the gardens of four CCMGA members—Patty Hayes, Tom Walker, Vada Edwards and Barbara Tunney. What a treat to see the clever landscaping techniques and unusual plant arrangements they have established in their yards.

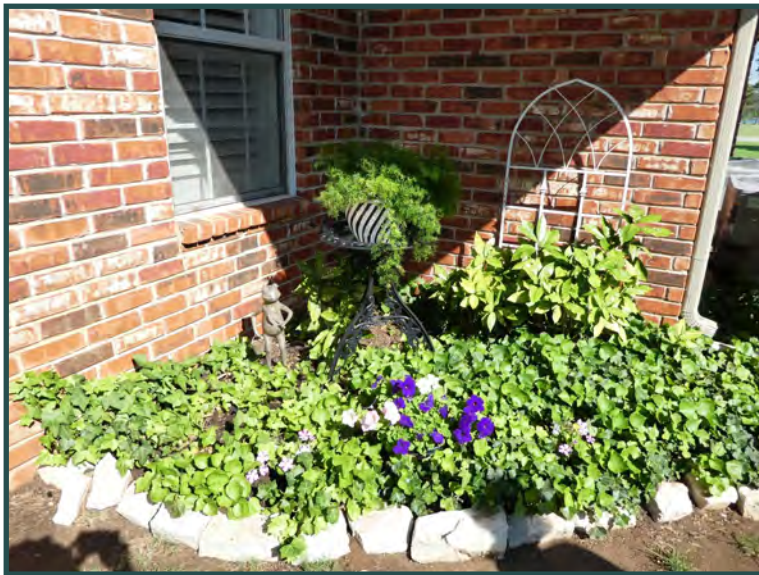

We had approximately 40 members and guests attend our tours. Thank you to our gardeners who generously opened their homes and provided us lovely refreshments. We look forward to another set of homes during our fall tours! Thank you, Terry Hull, for organizing these visits!

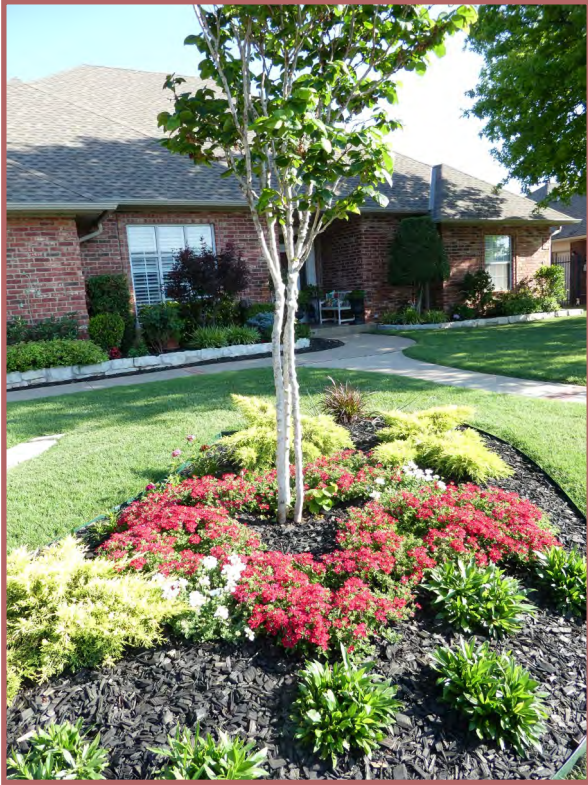

Some of our tour participants (L-R)—Pat Welty, Theresa January, Karen Wolf, Terry Hull and Rahmona Thompson.
